# Serving Statements

An ode to the finest luxury, the Signature Collection from AGL is an exquisite range of engineered Marble & Quartz, setting standards and serving statements with impeccable beauty and size while redefining the art of luxury living and unmatched spatial experience.

The exclusive Signature - Marble & Quartz Collection from AGL is a symphony of class and perfection curated to serve statement and set new standards in the world of luxurious interiors. The collection is a nostalgic testimony to time and trends transcending marble and quartz decor with diverse narratives and functionality for the modern lifestyle.

The collection is designed for an immersive experience of class-apart indulgence, truly matchless and unprecedented in the industry. Opposed to the transient trends and fads, the collection boasts a timeless appeal reflecting classic styles of marble and quartz cladding with rootedness in grandness and grandeur.

With its extraordinary range, Signature Collection is a passionate pursuit of art to offer homeowners and space makers the luxury of self-expression while redefining the narrative altogether with the collection, which is matchlessly functional and resilient too, and not just beauty and luxury.

# Timeless Marble & Quartz

The exclusive Marble & Quartz range of the Signature Collection features the finest engineered marble and quartz crafted meticulously by AGL into a collection that will set benchmarks in the industry in terms of technology, formats, surfaces, aesthetics, and more.

The revolutionary collection features unprecedented marble & quartz designs, superior surfaces, and a mix and style that is versatile, elegant, and luxurious beyond measure while keeping minimalism in tow, all achieved through pioneering technology.

As minimalism is embracing a more prominent role in shifting interior design and architectural reality, the range is expertly curated, keeping the timelessness of aesthetics, modern minimalism, luxurious trends, modern design sensibilities, urban lifestyle needs, easy maintenance, and functionality in prime focus.

**Experience classic beauty  
enfolded in contemporary  
excellence.**

# A Class Apart Technology

The Signature Collection employs and commissions class-apart technology - The Robotech - Design Innovation from AGL crafting the collection from scratch.

The technology solely handles the proportion, design, processing, and handling of the collection, bringing you surfaces never before seen in the industry.

**ROBOTĒCH**  
DESIGN INNOVATION

SIGNATURE

QUARTZ

The Robotech - Design Innovation from AGL is a revolutionary technology specially commissioned and employed for designing, processing, producing, and finishing composite quartz and engineered marble collection - The Signature Collection.

The technology, paired with robot handling, its precision, and robot-guided design, offers engineered, eco-conscious, close-to-perfect, durable, resilient marble, and quartz, making them aesthetically and functionally superior to any processed natural stone.

The technology lends the collection and surface plethora of features yet simplifies the surface complexities, thus protecting, enhancing, and optimizing the surface performance, life expectancy, and reliability with features like liquid repulsion, long-lasting colors, and shiner and brighter shine.

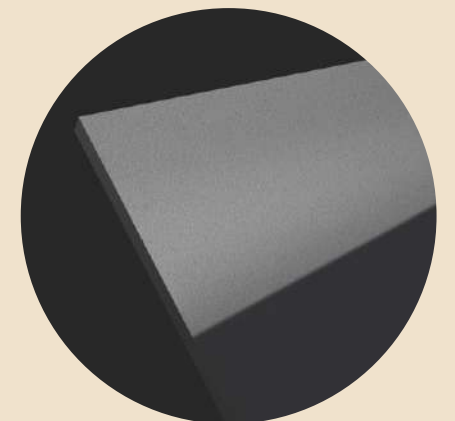

**Repels

**Shiner  
Surface**

Futuristic surface technology for surfaces resilient, utilitarian & equally aesthetic.

Robotech - Design Innovation is a revolution in the industry, bringing tech and craftsmanship for products unparalleled in features, technical attributes, application, and efficiency.

# Assemblage

AGL brings you a collection at the confluence of design, innovation, and craftsmanship, offering an unparalleled assembly in the quartz industry regarding versatility, aesthetics, format, surface elegance, durability-defining characteristics, and more.

The exceptional Signature Collection features two collections - Hi-Tech and Calacatta offering a variety of aesthetics taking cues from the asymmetrical forms of natural marble, quartz, and other elements. Another aspect that makes this assembly one of a kind is the colossal size of 1400x3100mm, unseen in the industry prior.

The surfaces of the collection boast superior strength with 15mm and 20mm thicknesses, along with a variety of surface finishes and the revolutionary Robotech Technology, which makes the collection unrivaled in efficiency, designs, and innovation.

# Benefits

The modern and busy lifestyle of today's world needs interior and architectural solutions that cut down on the hassles and offer effortlessly impressive-looking surfaces with less upkeep. And AGL is here with the perfect solution, which looks grand and needs little maintenance in comparison.

The collection brings together a plethora of benefits that assist elegant and luxurious interiors without any special care. The surfaces of the Signature Collection are liquid repellents and resistant to stains, making them look new and perform exceptionally for a long.

The surfaces are unsusceptible to scratches and abrasions, keeping their aesthetics newer looking for longer and easy to maintain. These surfaces are versatile for applications in various places and conditions with features like resistance to freezing, thawing, heat, etc.

## Highly Resistant

Surfaces withstand water penetration, frost, thaw, and more, keeping the functionality and aesthetics of the surfaces intact.

## Easy to Maintain

Superior resilience and innovative technology make collection maintenance relatively straightforward and hassle-free.

## Unmatched Strength

Crafted meticulously and in durable thicknesses of 15mm and 20mm, the surfaces of the collection boast unmatched strength and resilience.

## Modern Application

Opening new application frontiers, the surfaces are ideal for applications ranging from functional to accent details.

## Infinite Possibilities

Colossal size and superior benefits open rooms to infinite applications, making these surfaces practically applicable to any place.

## Signature Benefits

 High Durability of Surface and Lifespan	 Versatile Opportunity to Customize	 Scratch Resistant	 Resistant to Stains	 Maximum 3-4% wastage During Installation	 Resistant to Freezing and Thawing
 Resistant to Abrasion	 Superior Mechanical Strength	 Low Water Absorption	 Dimensional Stability	 More Hardness (Mohs Scale) 6 to 7	 Easy Available

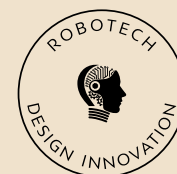

Wider Range than Granite

Economical than Granite

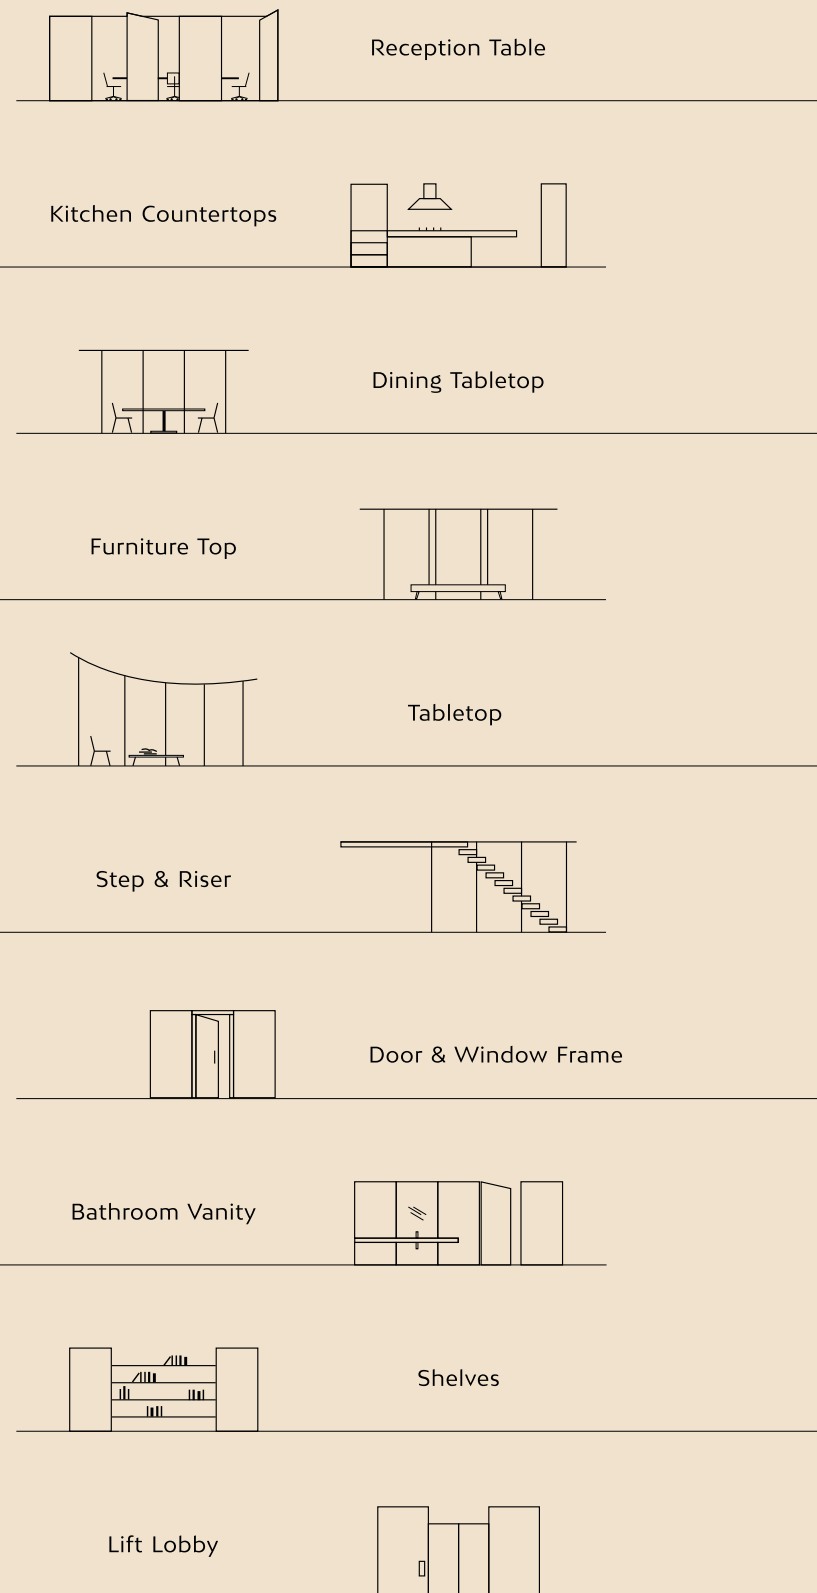

Ready to Install

Fueled by a passion for innovating and influencing lives and lifestyles, AGL crafts surfaces rich in functional benefits for spaces that are easy to clean and maintain, making lives simpler and enjoying your spaces effortless.

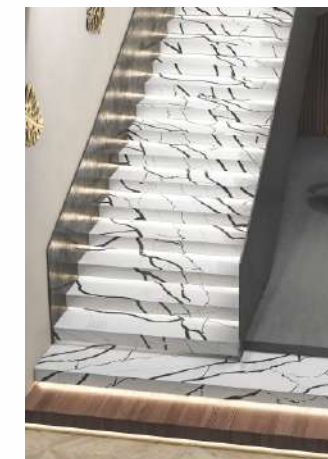

# Applications

Explore a world of extensive and boundless application possibilities with the efficient functionality and versatile format of the exclusive collection expertly crafted to open new frontiers of design and application in interiors and various spaces.

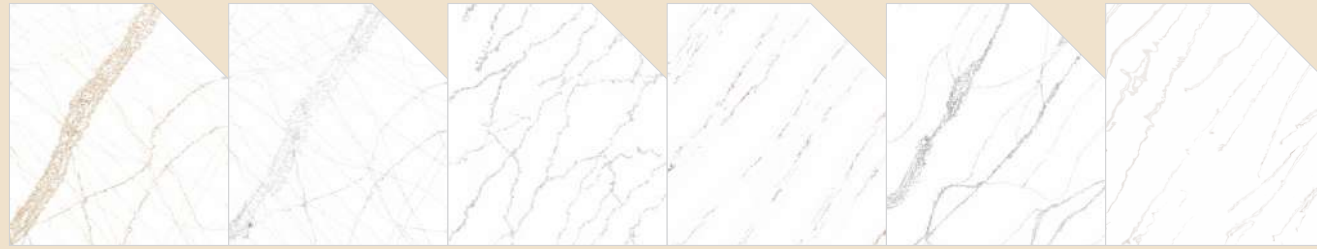

The colossal and distinctive format of 1400x3100mm of the collection and durable thickness of 15mm and 20mm facilitate extensive applications such as seamless bathroom vanities, kitchen countertops, dining tabletops, cladding of various furniture along.

The collection can be easily cut and melded to include accent details like door and window frames, accent walls, practical applications like steps and risers, shelves, small furniture, and much more for elegant and efficient interior solutions.
